## ISLAND NOTES.

This season the housewives and lady owners of cottages at Peaks have given special attention to flower gardening and cultivating the soil. The efforts of some of the faithful ones have brought remunerative returns by a large yield of peas, beans, corn and cucumbers.

Notwithstanding the female handiwork in flower and vegetable gardening are the grounds belonging to Mr. Geo. R. Shaw and Mr. Fred B. Ricker's cottages on the hill above Jones's landing.

The price of cottage lots and land for rent has recently been advanced from \$15 to \$18 per annum. The reason for this large advance is not fully understood by the lessees, but they are told that island property is becoming more valuable.

The old pump, which has been in constant use for nearly ten years and supplied water for upwards of forty-five families, failed to perform its work last week and was replaced by a new one, better and more dependant upon the well and pump for water desired to publicly express their thanks to Mr. Locke, the agent and attorney for the proprietors of the estate for his prompt action in stating an impending water famine.

There has been a larger demand for cottages and rooms during the past season than for years before. Nearly all the available rents have been taken for the night.

Mr. Bennett has completed the construction of his aquarium at Rock Island Park and filled it with water, some 150,000 gallons. The water has been analyzed and found to be impregnated with impurities which will be detrimental to the existence of fish. He commenced drawing off the pond Sunday morning, and ran out some 4000 gallons before 2 o'clock. A large number of people visited the pond yesterday.

## MUSIC AND DRAMA.

GREENWOOD GARDEN.

This week, commencing this afternoon, the Howe Dramatic Club will present Joaquin Miller's beautiful Mormon drama, entitled "The Danites." It will be presented with all the thrilling scenes and incidents, and a strong cast of characters, Katherine Howe taking the part of Billie Piper, who has been seen in the different characters of this season should avail themselves of this opportunity as this is one of her strong parts.

Every temperance man in Maine knew Mr. Towle. He was one of the first to stand out as a champion of total abstinence from strong drink. Long before the Washington movement of 1840 he was a "free chad" platform. With his life-long friend, the late Hon. John T. Walton, he began work in the temperance field before there was an organized temperance movement.

He went into the great movement of 1840 with all the vigor and fire of youth. He said in a public address delivered a year ago that he felt "you must do something," and "Henry Towle, the champion," as they called him, began then and there his public labors. He spoke with John T. Walton and others wherever an audience could be gathered, and he was one of the first men to come to the support of Neal Dow, when he proposed the prohibitory law.

Mr. Towle was not the man to hold back from his duty. He believed in the truth and his indignation at the course of the liquor sellers sometimes called out bitter words from the man who was so gentle a nature. He hated the sin but was sure to forgive the sinner.

Mr. Towle was the oldest member of the order of the Sons of Temperance, and was also a prominent Good Templar, and a frequent speaker at the meetings of both organizations.

He was one of the first of the old line temperance men of the state to encourage the Sons of Temperance, and was the first to form a Club movement, and his last public address was a reform Club, and was made last year when he was one of the speakers at the last public meeting over which the late W. H. Phillips presided.

Mr. Towle was a spiritualist, and as such was very widely known. Always a strong and interesting speaker, his addresses before spiritualist societies were always impressive and often pathetic.

Mr. Towle was a good man, liberal beyond his means, anxious to do what he felt for humanity, never trying to secure anything for himself, but simply trying to "serve God by helping others," as he once said, he lived out his days and died full of years, and retaining to the last the respect of all who knew him.

## Indians at Church.

Yesterday afternoon a party of the Indians attached to the Forepaugh Wild West show attended the Second Parish church. Dressed in their go-to-meeting blankets and wearing their Sunday pants, the Indians as they rode down town on the bronchos with the squaws and paposes in the coach which once carried travelers through Western wilds, attracted a great deal of attention. There were some big chiefs with them, notably Black Bear, Sitting Bull's lieutenant at the Custer massacre, Long Tooth, Grey Eagle and Short Horn. Their demeanor in church was all that could be desired. The Indians attend church every Sunday in the place where the show may happen to be stopping.

## Freight Train Wrecked.

Freight train No. 4 shortly after 10 o'clock Friday night was wrecked about half a mile west of the station at Portland. Three cars were badly smashed up and others slightly damaged. ## Col. Osmond Promises Great Things.

Col. Osmond, recently shipped by Nelson to Franklin Park, Saugus, is regarded as the coming horse. John Haines, the trainer, says he threatens to break the record made by Nelson at that age, 2:20. Report says he will be backed against any three-year-old owned in New England.

## Made Fast Time.

The three trains over the western division of the Boston & Maine made remarkable time on its trip west Thursday night. It was late when it left Portland, but it made up the loss before it reached its destination. The time made was three hours and five minutes.

# A GLITTERING PAGEANT.

Dazzling Parade of the "Wild West" and 4-Paw Shows To-Day.

The circus ensembles would have found a new city if they had been around yesterday. On the Forest avenue grounds in Deering there had sprung up since day-break a community sheltered by canvas. The great Forepaugh show had arrived, its many tents had been pitched and the army of employees were enjoying their day of rest and receiving visitors, a great number of interested people thronged the grounds all day. Today at 2 and 8 p. m. the performances will be given. A description of the street parade, which leaves the grounds promptly at 9 o'clock this morning, gives some idea of the many wonderful things to be seen in the Forepaugh circus under Colonel Cooper's able management.
